### Jupiter in the 6th House

From 01 Dec 2015 00:00 To 22 May 2016 10:00

Jupiter is the planet known for generosity, expansiveness and joie de vivre. Ancient astrologers considered it to have a positive influence heralding abundance and expansiveness. Therefore you can expect these traits to influence the area of your Birth Chart currently under its influence. When the planet Jupiter moves through the 6th House of your Birth Chart you are ready, willing and able to tackle daily chores with enthusiasm. Lifestyle changes are in the stars. Daily routine, work and health take on a greater significance in your life. Now you are able to put into action all the plans that you have had for a change of diet, exercise program and new work practises. Your co-workers become more important during this period, as you genuinely enjoy their company. It is also possible that you begin to become conscious of some of your bad habits, which had previously escaped your notice. Now is the time to benefit from new routines and implement healthy lifestyle changes.

## **Jupiter Sesquisquare The Sun**

From 08 Jun 2016 23:15

Exact 24 May 2016 21:32

Your attempts to express yourself are frustrated during this time, particularly in areas of your life where you would usually expect to feel a sense of adventure. All plans for expansion seem to be blocked by obstacles, resulting in a feeling of getting nowhere. A little patience will see you through this time to greener pastures, particularly if you use this time to slow down and reconsider your options.

## **Jupiter Sesquisquare The Ascendant**

From 12 Jun 2016 20:11

Exact 31 May 2016 08:19

You are having difficulty pursuing your goals and furthering your plans. It seems that there are many obstacles, which you cannot avoid. Perhaps even your personal relationships are holding you back, or perhaps others are not as appreciative as they could be of your need for fun and enjoyment. Slow down a little and let others adjust to

the pace.

## **Jupiter Square Neptune**

From 04 Jun 2016 04:36 To 24 Jun 2016 10:10

Exact 15 Jun 2016 12:16

You are currently vulnerable to deception and disillusionment because the energies of this transit lead you to discard the more practical side of your nature in favour of a fantasy world. Your common sense has flown out of the window and you yearn for greener pastures. You may find yourself daydreaming of better times, or even taking up a fanatical religious pursuit. Therefore this is not the best time for making life-changing decisions or entering into agreements which demand clear judgement.

## **Jupiter Opposition Venus**

From 07 Jun 2016 20:11 To 26 Jun 2016 17:39

Exact 18 Jun 2016 05:45

You are struggling to get what you want from your loved one. In fact relationships of all kinds, particularly with women, may be a source of difficulty right now. The trouble is that you or your loved one are expecting too much. There has to be a balance between the adventures of life and the routine daily demands. Right now one of you is seeking only the adventure and this is causing tension. It is often hurtful when one person in a close relationship upsets the balance, so it is understandable if you are feeling rejected by your loved one. The best approach may be to give the other person a little bit of time to settle down. They may need a little bit of freedom before returning to a more balanced approach to the relationship. On the other hand it could be that the other person's insensitivity to your relationship is the straw that breaks the camel's back, as far as you are concerned. In astrology Jupiter is considered to be a positive influence. Therefore it is more likely that things will settle down with positive results from this topsy-turvy time.

## **Jupiter Trine The Midheaven**

From 20 Jun 2016 10:31 To 05 Jul 2016 21:32

From 02 Jul 2016 18:21 To 16 Jul 2016 01:20

Exact 09 Jul 2016 15:52

This is a feel-good transit. In other words you feel good about yourself, your life and

your loved ones. As a result you are particularly warm and loving. Your contentment is obvious to your loved ones, and they want to spend time with you. Right now you know how to have a good time, and indulge yourself. The only concern is the tendency to go to extremes. You need to be wary of over-indulgence in all things. The temptation is to express your feelings and indulge yourself with no restraint or consideration for others. However, if you can keep a balanced outlook then you and your loved ones benefit from your generous and optimistic outlook. It is also possible that you use this time to make your life, in particular, your home more comfortable. This could simply be purchasing more comfortable furniture and furnishings, or you may make plans to move to a home more suited to your current needs. Your family life may expand in some way. Perhaps a family member will come to stay or perhaps you will give birth to a child. Either way you are likely to welcome these changes. This is a positive move, as long as you take everyone's needs into consideration.

On the other hand you may have dreamed of getting some creative work published or staged. The time is ripe to contact those in a position of authority. You may also be drawn to religion during this phase, questioning your philosophy and looking for answers. Your good nature is likely to be attractive to other people and you may receive recognition and appreciation. This is a time to expand your world rather than sit at home and let the world pass by.

Tension may arise as you feel the need to break out of old restrictions, but are frustrated in your attempts. hindsight.

## **Jupiter Square Mercury**

From 08 Oct 2016 11:08 To 17 Oct 2016 20:04

Exact 13 Oct 2016 03:10

Generally speaking this is a positive time during which you receive good news, positive outcomes to transactions and easy execution of your goals and plans. You are open-minded and eager to share ideas with other people. You are confident in your own opinions. However, you do have to be careful how you go about your business. On the one hand you are confident and optimistic and other people respond positively with special gifts, support and favours. However, you also have the tendency to be grandiose, lacking tact and diplomacy. In other words, if you are not careful, you can be opinionated and blunt. Others may be quick to point out these faults, which you find irritating rather than helpful. Before you know it your positive dealings have spiralled into a maze of mis-communications. This is easily avoided if you show some restraint in your communications with others. Once you have learned diplomacy then you are likely to benefit from anything that involves contracts, transactions, study, teaching, travel and the media.

Now you receive the good news and are able to step into action. You are clear that you are heading in the right direction and feel confident of success. And it's true. You do have the drive and good fortune to achieve success during this stage. This is an excellent time to spend plenty of time and energy on your favourite project, with an assurance of reaping what you have sown. You may also enjoy channelling some of your energy into your favourite sporting activities. However, during this phase you are in danger of going over the top in your efforts to achieve your personal goals. You may jeopardise your success through impatience with yourself and others, thus alienating those who are in a position to support your goals. Perhaps you are having difficulty seeing things in perspective and fail to listen to those closest to you when they say that you are being a little rash and stubborn. You feel that you have put so much time and energy into certain areas of your life, and now others are threatening your success with their unnecessary pessimism. This may or may not be true. It is possible that others are threatened by your success; but it also may be that you need to slow down a little and exercise some restraint. The lesson is all things in moderation. You can achieve success during this stage, as long as you maintain your diplomatic skills.

It would be best to enjoy the results of these changes rather than resisting. This way you reduce your stress level considerably. However, if you fail to accept the changes and refuse to go with the flow you may find this time highly disruptive and disturbing. The tension may then overflow into your home life.

## **Pluto Conjunction The Moon**

From 23 Mar 2016 10:04

This is a once in a life event that offers you the opportunity to rekindle your joie de vivre. Of course first of all you have to change any bad habits. This can be easier said than done. Habits can be comforting and change can be threatening. Nevertheless you have the opportunity to move forward with renewed passion and vigour. Perhaps you have been feeling in a rut? Now is the time to challenge the status quo. Possibly you also feel that loved ones are taking you for granted, treating you like a doormat or deliberately ignoring your needs? If so, then now is a good time to make positive changes in the way that you express yourself and interact with other people. You do

need to be wary of being insensitive to other people's needs, however; you can make changes that consider both your own and other people's feelings. This can be an intensely emotional time, possibly one of the most emotional times of your life. Close bonds with loved one, particularly the women in your life, are the most prone to upheaval during this time. Changes involving family and in particular mother or other women in the family, can invoke powerful emotions. Ultimately this is liberating, although you may feel unsettled at first. It may be your current associations that are changing, however; you may be grieving over past mistakes, former relationships or a departing family member. This could be the death of an older member of the family, a child leaving home or a close friend or relative moving away. Metaphysical and self-improvement courses will be deeply healing, as will psychotherapy. You may also feel the urge to leave your comfortable home and family and expand your horizons. Whatever path you choose it is best to use this time to delve deeply into your emotions and let go of old emotional habits rather than try to maintain the status quo. Embrace your loved ones with a sense of honesty and integrity and seek out those who offer love and support. If the path is a little bumpy, hold on because with the value of hindsight you will understand the importance of letting go of the past in order to fully derive benefit from the present. Sometimes the effects of this period can only be fully understood many years later. Therefore you may think that nothing significant is happening, but years later you see how events triggered major changes in your personal attitudes and habits.
